CIO-SP3 Small Business (SB)

Why DRT

We are a leading digital transformation partner to federal agencies including FDA, USDA, CDC, and DOJ requiring IT solutions for nearly 20 years.

We are focused on staying ahead of the curve, delivering technology innovations that make our clients' lives easier, lead to real change, and help them achieve mission success.

The three letters of our name stand for *Driving Resolution Together*, evoking our core belief – that by working together, YOU achieve outstanding results.

Our world-class consultants and solutionists are renowned for their ability to *Think Hard. Work Smart™* and can be found all over the nation, helping clients to realize their visions.

DRT is recognized by the federal government for our agility, flexibility, and expertise in managing large-scale IT projects. Our commitment to collaboration and quality has resulted in sustained customer partnerships through numerous contract renewals and a track record of outstanding past performance.

We are prepared to fully support all 10 task areas. Our commitment to quality delivery is well documented by ISO 9001:2015, ISO/IEC 20000-1:2011, ISO/IEC 27001:2013, and CMMI-DEV Level 3 certifications.

How to Place an Order

NITAAC designed the CIO-SP3 Contract for ease of use, with a streamlined process for placing task orders:

Submit your task order requirements through NITAAC. Contract specialists will perform a comprehensive assessment for scope, clarity, and other factors to ensure qualified responses. Upload your request for proposal (RFP) directly into e-GOS, NITAAC's automated competition and management system and it will be automatically distributed to qualified contract holders. Requests for information (RFI) and Q&As can be accomplished within the system, which an agency can use as a database of record.
